

Congratulations to Ayse Coskun!

CSE Ph.D. alumnus, Ayse Coskun, received a NSF CAREER award. Ayse was the graduate student of Professor Tajana Rosing. She received her NSF Career Award for her work on "3D Stacked Systems for Energy-Efficient Computing: Innovative Strategies in Modeling and Runtime Management". Ayse Coskun is currently an Assistant Professor at Boston University. For more information on Ayse's NSF Career award check out this link. <http://www.nsf.gov/awardsearch/showAward.do?AwardNumber=1149703> <http://www.bu.edu/energy/people/faculty/bio-coskun/>

Congrats to Kwangok Jeong!

Recent UCSD Ph.D. alumnus Dr. Kwangok Jeong has been awarded a 2012 European Design and Automation Association (EDAA) Outstanding Dissertation Award. His advisor was Professor Andrew B. Kahng. This is the second time in the past six years that an ABKGroup alumnus has received the EDAA outstanding dissertation award.

Keith Marzullo
Keith Marzullo will be in Washington, DC on March 15th and March 16th for the Security of Clouds.

Stefan Savage
Stefan Savage will be traveling on March 14th to UC Berkeley. He will be giving a Distinguished Lecture.
