Computer Science and Engineering
Master of Science Program

Thesis Progress Report

- **Form should be completed jointly with the student and advisor.**
- **Return this form to CSE MS Advising by Week 7 of the quarter _before_ you intend to complete your thesis (e.g., if you intend to graduate in Spring 2022, you should turn in this report by Week 7 of Winter 2022).**
- **Anticipated Quarter of completing thesis/filing of degree: _____**

PART I: STUDENT SECTION

1. Summarize the main goal of your thesis (2-3 sentences).

2. Identify progress you have already completed toward your thesis (3-4 sentences).

3. Outline the remaining work that needs to be completed before you will be able to write a draft of your thesis.

4. (Optional) External to work you can complete yourself, are there any barriers that need to be addressed (e.g., need access to computing resources, datasets, etc.)?

PART II: FACULTY ADVISOR SECTION

1. Does the work referenced above meet the quality and depth required of an MS thesis? __ Yes __ No
   (If no, say what else is needed.)

2. Based on the current standing of their progress, is the student on track to complete their thesis in the quarter they anticipate finishing? ___ Yes ___ Maybe ___ No
   (If "maybe" or "no", please say what additional steps must be taken by the student to get on track to finishing on time OR state a more realistic estimate on when the student can finish)

PART III: SIGNATURES

Student Signature: _____ Date:

Faculty Signature: _____ Date:
